“TriStar Transforms Customer Challenges Into Solutions”

TriStar is a wholesale distributor with 21 years of service in the Electronics Segment, Oil & Gas Industry and Bio-Medical Market. With a diverse selection of complimentary products and distribution with respected names in the industry, TriStar caters to a niche market providing customers with locally stocked electronics inventory and conscientious customer service.

Our willingness to stock inventory is tailored to meet our customers' needs and provide customized management programs, making TriStar your single source solution for fulfilling your product requirements.

This philosophy has allowed stocking for over 150 major product lines and access to over 1,000 additional product lines. Our specialists are regularly trained on the latest products and technology, giving them the ability to understand customer needs and provide instant solutions for a variety of industries.
